Kinetic Desktop Support Form	
<b>Company:</b>	
<b>Name:</b>	
<b>Position:</b>	
<b>Email:</b>	
KINETIC DESKTOP SOFTWARE	NOTE
<b>Desktop software version:</b>	<i>Check the Desktop Software version number, go to: <b>Kinetic Application/About</b></i>
<b>Software Version of connected instrument:</b>	<i>If you are able to access the device application screens navigate to the device information/about screen. You will find the entire device Software, Firmware and Hardware information here. <b>Instrument Application Version x.x.x.x:</b></i>
<b>What Windows Operating System are you using? Eg. Windows 7, 32 bit</b>	<i>To find your system specification go to: <b>Control Panel\All Control Panel Items\System</b> Record the Windows edition and the System type</i>
<b>How where you connected to the instrument?</b>	<i>Using a <b>network cable</b> and connecting via Ethernet direct <b>adhoc</b> connection or via <b>Local Area Connection?</b></i>
<b>Description of Fault:</b>	<i>In your own words describe what the problem is. On which screen you were looking at when the error occurred. At what stage does the problem occur? (eg. on connection, test run? ) How frequent is the problem? (eg. intermittent - every few tests? does the test run ever finish or does it always crash before this?).</i>
<p>Are you able to take a screen shot of the error? If so please attach.</p> <p><i>If you are looking at the fault on screen, or are seeing an error message you could take a screen shot of what you see. Hold down the "Alt" key and press "Print Screen" And either attach or copy past the image into this email.</i></p>
